

Halloween Mask For Kids

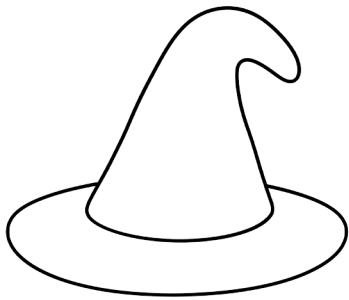

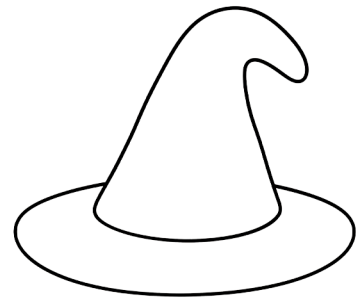

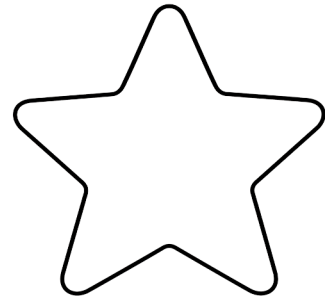

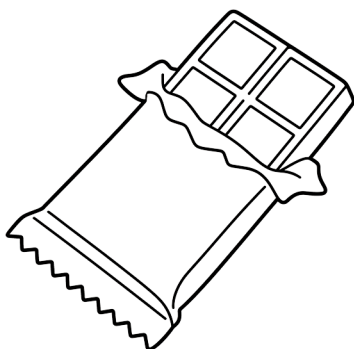

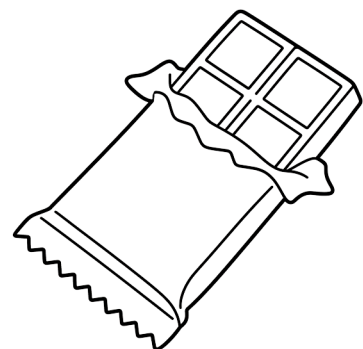

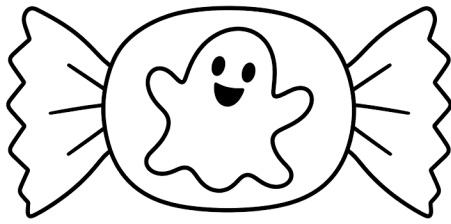

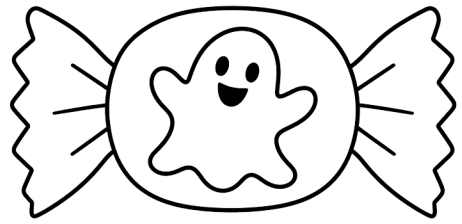

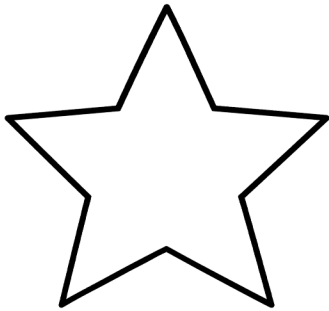

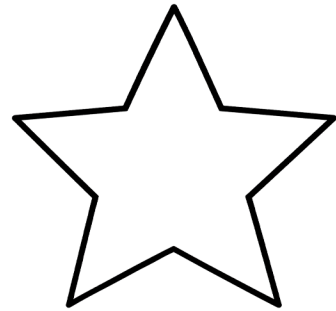

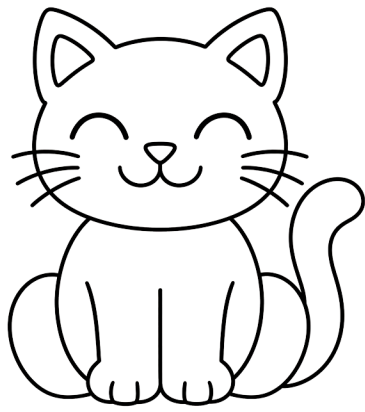

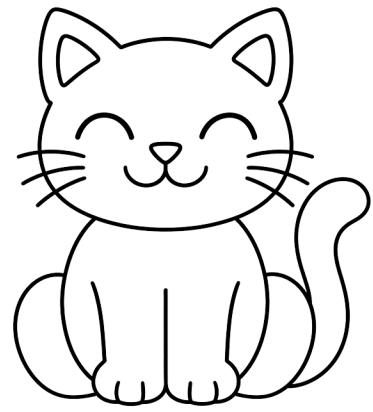

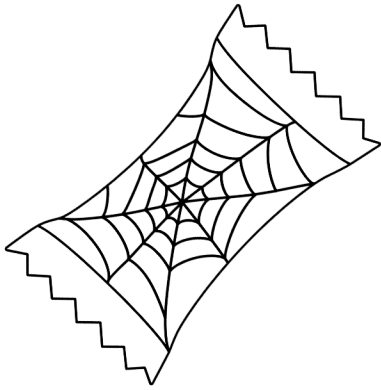

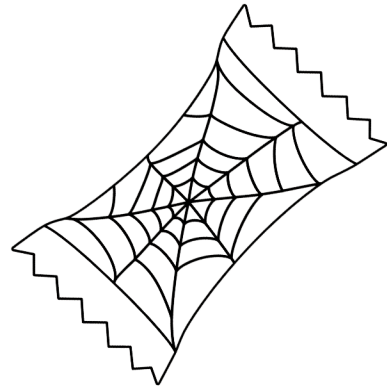

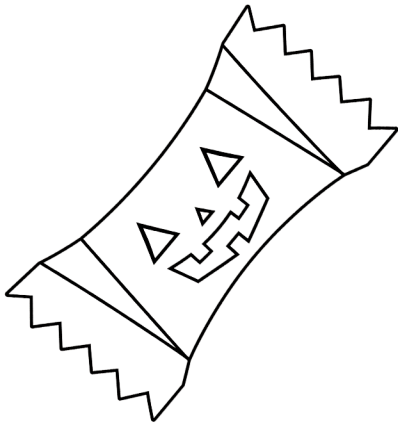

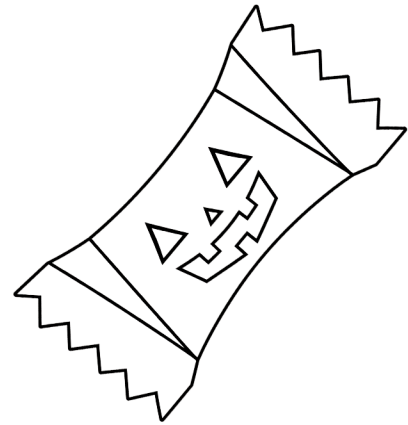

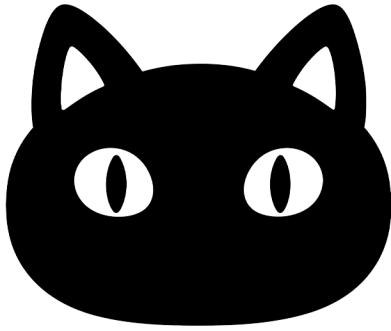

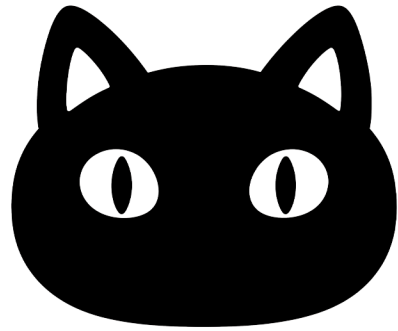

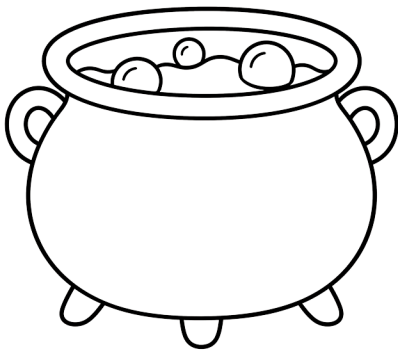

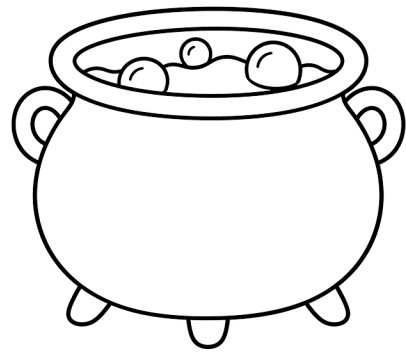

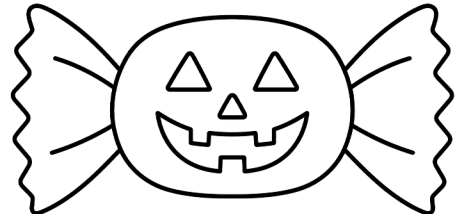

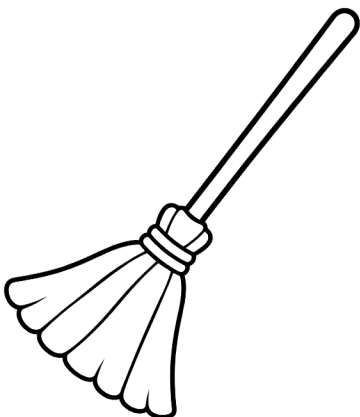

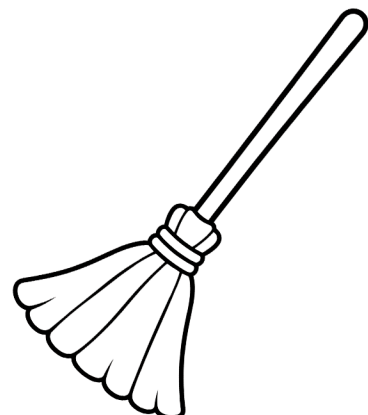

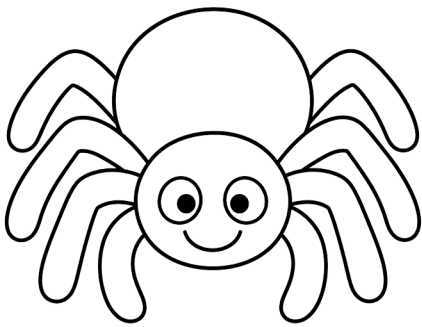

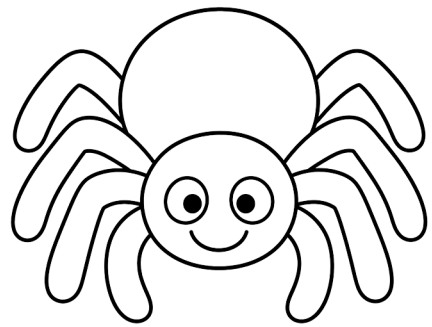

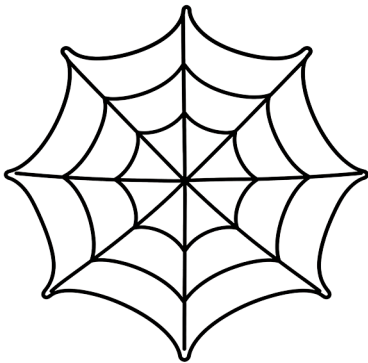

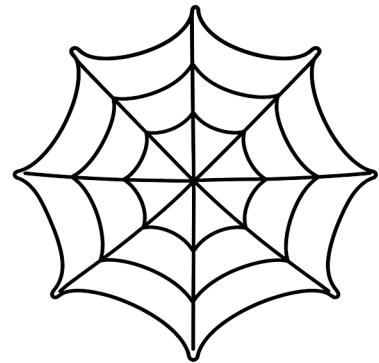

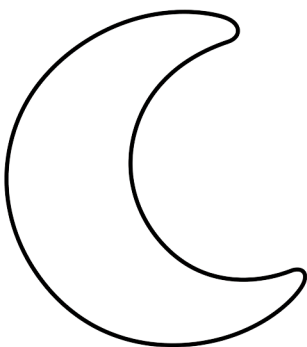

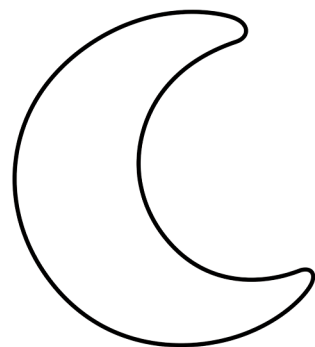

Halloween Mask

What You Need

- Halloween mask PDF
- A4 cardstock or A4 paper and thin cardboard
- Markers, crayons, or colored pencils
- Child-safe scissors
- Glue
- A craft stick
- Tape

Tutorial

- Print the Halloween mask template onto cardstock or A4 paper.
- If using paper, glue it onto thin cardboard. Let it dry.
- Color the mask and Halloween decorations with your favorite colors.
- Cut out the mask and decorations and cut out the eye holes.
- Arrange the decorations around the eye holes. Keep the openings clear.
- Glue the decorations onto the mask.
- Glue a craft stick to the back of one side as a handle. Secure it with tape.
- Let everything dry completely. Hold up your Halloween mask and enjoy!

Safety Reminder: Supervise children when using scissors and glue. An adult should cut out the eye holes.
